

# LCA OF MEAT SUSTAINABLE MEAT PRODUCTION IN THE NORDIC COUNTRIES

WEBinar organized by **NordMeat** – NKJ network

Please join us for this free online Webinar where we present current knowledge and some of the missing gaps when it comes to LCA of meat.

**Tuesday the 10th of December 14-16 (CET +1)**

## PROGRAM

- 14.00 Welcome and intro to the **NordMeat** network  
(Margrethe Therkildsen, Aarhus University, Denmark)
- 14.10 LCA of meat – what are the components  
(Lisbeth Mogensen, Aarhus University, Denmark)
- 14.25 A-LCA vs. C-LCA and Allocation  
(Selma Al-Zohairi, Danish Crown, Denmark)
- 14.40 Soil carbon and its inclusion to LCA  
(Anniina Lehtilä, LUKE, Finland)
- 15.00 Other impact factors (Annie Haavemoen, Animalia, Norway)
- 15.15 Trajectories towards sustainable and healthy food systems  
(Olivier Jolliet, Technical University Denmark)
- 15.30 Debate
- 15.45 Close of **NordMeat** Webinar

**NordMeat** is a Nordic network of researchers and stakeholders from Sweden, Norway, Iceland, Finland and Denmark supported by the Nordic Agri Research NKJ. As part of the aim, the **NordMeat** network want to identify knowledge and knowledge gaps within Life Cycle Assessment (LCA) of meat.

Partners in **NordMeat**: Aarhus University, Denmark, Innovation center for Organic Agriculture, Denmark, DMRI, Technological Institute, Denmark, Danish Crown, Denmark, Department of Applied Animal Science and Welfare, SLU, Sweden, Nofima, Norway, Ecology and Natural Resource Management Section, NMBU, Norway, Animalia AS - The Norwegian Meat and Poultry Research Centre, Norway, Faculty of food science and nutrition, University of Iceland; Matis, Iceland, Faculty of food science and nutrition, University of Iceland; Matis, Iceland, Production Systems unit, Natural Resources Institute Finland, Department of food and nutrition, University of Helsinki, Finland.
